

# JUSTICE & OPPORTUNITY

Address community safety in New York City with a focus on the mental health of individuals involved in the criminal justice system.

## OUR IMPACT

**1,000+** individuals referred to Functional Family Therapy services from our partners

Trained **120+** therapeutic service providers in Functional Family Therapy for youth and adults

Tailored capacity building for **30** community organizations on therapeutic and violence prevention programming

## KEY PROGRAMS

### ATLAS

#### Functional Family Therapy

Atlas is a public health model that prevents violence by matching high-risk people with voluntary evidence-based therapeutic services proven to be transformative.

The Atlas Innovation Fund engages private foundations, corporations, and individuals to provide grants to grassroots community-based organizations operating programs in communities that are at a high risk of violence.

#### Innovation Fund

#### Workforce

UWNYC is currently developing an adaptation of the READI Chicago model to offer combined workforce development and Cognitive Behavioral Intervention (CBI) to reduce gun-related crime and death in priority communities in New York City.
